WE LEAD, WE NEVER FOLLOW.

Ours Is A Successful Business

Successful, on the basis of satisfied and gratified customers, who deal with us in increasing numbers daily. Up to the present writing our sales records have leaped far ahead of all expectations. WHY? Because this business is founded along proper lines, that it is capitalized under home control, home management, and our plea for business will always be based on merit.

"The Village Council will hold all their meetings in the jail which has been fixed up as a council room."—Monitor News.

Congratulations are due the Village of Monitor in having at last discovered a most fitting spot for the deliberations of civic authorities. A suggestion of this kind needs passing along.

We have ourselves known councils (not in Vegreville of course) where padded cells would have been even more appropriate than the common latrine work variety found in jails.

The only possible addition the Observer can make to the suggestion is that our Legislature might very properly meet at Ft. Saskatchewan in the provincial jail.—Vegreville Observer.

The British have reached a point 75 miles northwest of Bagdad, and the Turks are still on the retreat.

All British subjects who have entered the States, so as to escape military service, will now be conscripted and forced to serve in the army. All deserters will also be rounded up.

In the Marne district the French troops take 25 miles of German trenches and capture 17,000 prisoners.

The French still continue to press forward, many villages have been taken along with hundreds of guns.

Canadian casualties last week will total at least to 6,000.

In all, 14,000 prisoners were taken by the British, during the week of April 9th.

Find Strange Tribes

New Primitives Discovered in Siberian Wilds by University Expedition

A remarkable tribe of primitives who live in wigwams, live on meat, and consider nothing and worth an accomplishment has been discovered in the wilds of Siberia by the Siberian expedition of the University of Pennsylvania Museum.

The first reports concerning this tribe, known as the "Tungus of Northern Siberia," were received recently from London, where the expedition is preparing a complete report of its 700-mile journey from civilization in very low temperatures.

The "Tungus" are a tribe of an outside world, says the report, and have no religion, save that they believe in certain good and evil spirits to be propitiated. They are Mongolians, and speak a highly inflected tongue, with a philosophy of life which is "eat much, laugh much," and, says the report, they live up to this dictum. They are enormous eaters, and are full of jocks.

Don't Submit to Asthma. If you suffer without hope of breaking the chains which bind you do not put off another day the purchase of Dr. J. D. Kellogg's Remedy. A trial will drive away all doubt as to its effectiveness. The same relief that you will experience you more than anything that can be written. When help is so sure, why suffer? This matchless remedy is sold by dealers everywhere.

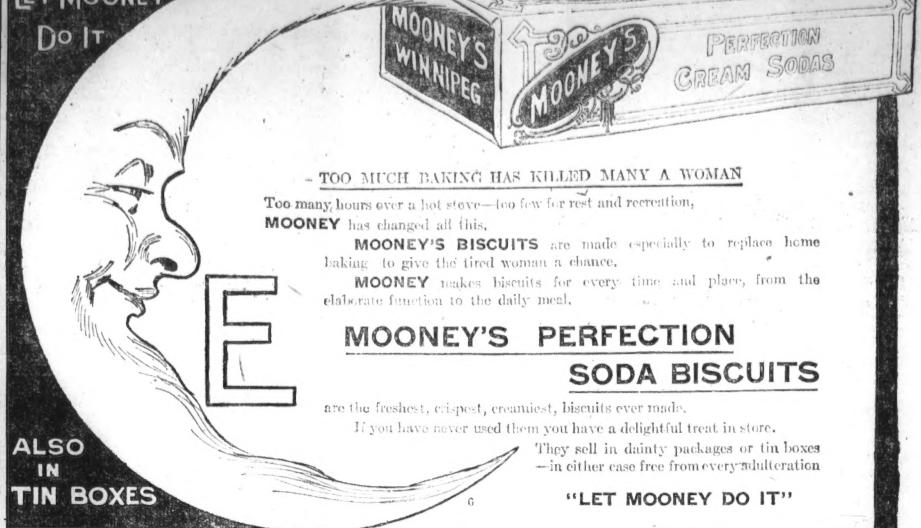

"Some men have no hearts," said the tramp. "I've been a-tellin' that feller I am so dead broke that I have to sleep outdoors."

"Didn't that fetch him?" asked the other.

"Now, he tol' me he was a-doin' the same thint, and had to pay the doctor for tellin' him to do it."

LET MOONEY

Do It

- TOO MUCH BAKING HAS KILLED MANY A WOMAN

Too many hours over a hot stove—few for rest and recreation,

MOONEY has changed all this.

MOONEY'S BISCUITS are made especially to replace home baking to give the tired woman a chance.

MOONEY makes biscuits for every time and place, from the elaborate function to the daily meal.

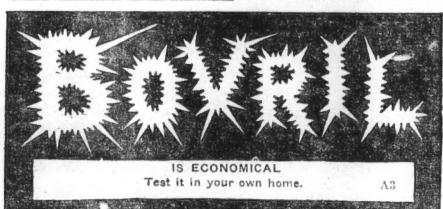

MOONEY'S PERFECTION SODA BISCUITS

are the freshest, crisp, creamiest, biscuits ever made.

If you have never used them you have a delightful treat in store.

They sell in dainty packages or tin boxes—in either case free from every adulteration

W. N. U. 1081

What is Germanism?

Germanism is a great criminal conspiracy, a sort of Black Hand or Camorra, all of whose members work secretly, relentlessly, unmercifully, to bring the common people of the entire world into subjection.

Every German—from the highest to the lowest—is a born spy, regarding espionage as one of his chief occupations.

When the Kaiser travelled abroad he had to keep his eyes open and report all he saw, just as though he were a common walter or harber.

Note and Comment

The second volume of that
stirring war history, entitled
"Canada in Flanders" is now on
sale. This book was written by
Lord Beaverbrook (Sir Max
Aitken) who was the official
Canadian eye witness. This
volume deals with the period
from Sept. 15 to July 16, and
gives a clear-cut and vivid story
of the Canadian forces in Flanders.
A copy of this book can
be obtained from Hodder and
Stoughton Ltd, Toronto, for 35
cents, 7 cents extra for postage.
This is the only book giving
details of the fighting in 1916.

Wheat has at last been put
on the free list and can now be
shipped into the States free of
duty. This will remove the
ten cents a bushel charge on
wheat and 45 a barrel on flour.

Western farmers have been
fighting for free wheat, into the
States, for several years.

Here are the Self Starters
—innocent looking typewriter
keys—that force an automatic
speed gain of 15% to 25% on

**Auditors' Remarks Re R. M.
of Stewart, No. 302.**

Edmonton, Alta.,
17th March 1917.

To
The Reeve and Council,
R. M. of Stewart, No. 302,
Consort, Alberta.

Gentlemen:

We have prepared
from the Books of the Municipality and append hereto:

(1) Statements showing the
position with the various School
Districts as at 31st December
1913, 31st Dec. 1914, 31st Dec.
1915 and 31st Dec. 1916;

(2) Abstract Statement of
Receipts and Payments for the
year to 31st Dec. 1915.

(3) Balance Sheet as at 31st
December 1915;

(4) Statement of Municipal
and Educational Taxes for year
1915;

(5) Abstract Statement of
Receipts and Payments for year
to 31st Dec. 1916;

(6) Balance Sheet as at 31st
Dec. 1916;

(7) Statement of Municipal
and Educational Taxes for year
1916.

School Districts.

The School Districts Statements submitted do not agree with those previously submitted to you, but on examining the latter we find numerous errors.

Our Statements have been carefully abstracted from the Books, and we have every confidence that they correctly establish the position with the various Districts as at the close of 1916.

Year 1915 Accounts and Earlier.

For the years 1913 and 1914 we have had no difficulty whatever in reconciling the collections as shown in the Tax Roll.

In the year 1915, however, great confusion prevailed. The Cash Column in the Tax Roll for that year had not been added, and apparently no attempt

made to agree the Cash Book with the Roll. The matter was further complicated by the fact that the Cash contained in many of the Duplicate Receipts was wrongly allocated, so that it has proved to be impossible, without rewriting the whole Cash Book, to reconcile each of the Taxes separately. Consequently we have attempted to reconcile the total Taxes only and the amount of each class of Tax collected must be found from the Tax Roll.

We have carefully checked the Duplicate Receipts into the Cash Book, and after totalling same, we find that the total Receipts of all kinds for the year have been \$50,113.03

the amount previously entered being 50,090.23 creating an apparent shortage of 13.80

We have also carefully checked the Tax Receipts into the Roll and added same, but the entries in the Roll are so crowded together and altered so often that there is still a difference between Cash Book and Roll of \$41.63, the Cash Book being over to that extent. We have carried this sum to "Suspense Account", and suggest that it remain there until claimed by some tax payer.

Year 1916.

The Tax Roll and Cash Book are in better order for this year.

On November 1st, 1916 there is an entry of two sums, amounting to \$122.69, which appear to be shortage during the year 1915, making the total shortage \$136.49.

As in 1915, it has been impossible to reconcile the collections of each class of Tax with the Roll, only the total Taxes Collected being reconciled.

In closing the Cash Book for the year, we have given credit for the Balances in the various Bank Accounts at the close of the year, and the balance remaining, viz: \$358.96, has been treated as the Cash on hand.

Credit has been given for this amount in the Collector's Bank Account, viz: \$325.08.

We have had no opportunity of checking the actual Cash.

We have entered certain Accounts, which we found upon the Files, as Accounts Payable at 31st December 1916, but have no assurance that this list is complete.

Our time has been mainly occupied in establishing the position of the School Districts and doing work upon the Rolls, which should have been done by the Sec-Treas. The Invoices have been gone through. On the Labor Pay Sheets, the usual reference from the Pay Sheets to the Cash Book has not been given, so that it is a rather laborious process to check these.

We have been at a decided disadvantage in not having been able to see the Sec-Treas during the course of the audit.

The financial condition of the Municipality cannot be considered satisfactory, a result to which the methods of Book-keeping have no doubt contributed, and Tax Enforcement would seem to be the only method by which the heavy Liabilities of the Municipality, amounting to \$23,000.00, can be met, and the Tax Roll put in a satisfactory position.

Respectfully submitted by,
Kinnaird & Henderson,
Auditors.

NOTICE

TO THE RATEPAYERS OF
THE R. M. OF STEWART
NO. 302

I have been instructed
to make seizure on
all arrears of taxes
and those wishing to
save extra expense
must pay all arrears
at once, to me or to
the Sec-Treas.

LYNN WILTSE, Bailiff.

I have now a full range of
harness on hand.

Anyone needing Harness or
Horse requisites will do well to
look over my stock. There is
nothing more sure than that the
price of Harness will take a big
jump, either this month or next,
as the result of the abnormal ad-
vance in the price of leather and
all raw materials needed.

Practically all the large manufacturers
have to go to the tanneries to renew con-
tracts this month, and I am told on good
authority, that there will be an increase of
at least 18c per lb on last contract in Sept.

It is therefore easily seen what a dif-
ference this will make on a set of harness.
I, personally, expect to see harness ad-
vance 25% this summer.

Now, you all know what my prices were
last Spring; they will be practically the same
this Spring as long as Stock on hand lasts.

I have a large and varied stock of

Breeching Harness,

Harness, less breeching

Carriage Harness

Hame Straps, Halters

Single Buggy Harness

Breast Straps, Hames

Democrat Harness

Brushes, Curry Combs

Collars, Martingales

Sweat Pads, Lines

Snaps and all Harness Hardware

Owing to the uncertainty of the
leather situation, my terms must
be Strictly Cash. Please note
this and do not ask for time.

Yours,
J. Hamer.

Says Percy Pot,

As black as I've
been painted.
I know as much.
Because Old Dutch
And I've become
acquainted."

MADE IN CANADA

British Bull Dog American Mascot
The "Teddy Bear" has come and gone. From watch chains and fobs here dangles no longer, as in years gone by, the little grizzly growler. A new and courageous animal has now been chosen—our "Bull" by our friends across the 45th parallel. In a number of cities of the United States the "Teddy Bear" has been replaced by the "British Bull Dog," a fat, jolly dog, wearing the stolid small "hulls" in gold, silver, glass or composition now ornament the fobs, watch chains or coat lapels of the children of Uncle Sam and in shop windows and on the stalls of the street vendors the British Bull Dog grins at the passers-by and reminds them again and again that "What he has he'll hold."

GinDills FOR THE KIDNEYS

Perhaps Your KIDNEYS

are out of order. Make the doctor's test. Examine your kidneys. If they are in high tone, take Gin Dills. If they are yellow-colored, reddish or deep orange—the color is strong or unusual—if "brick red" or "orange" is present, look to the kidneys. They are out of order.

Get GIN PILLS at once, and take them regularly. Rhumatism, Sciatica, Limbago, pain in the back, groin or hips—all these maladies are in the kidney or bladder action and the pressing necessity for GIN PILLS.

Gin Pills are worth their weight in gold because they drive these painful classes of disease out of the body. Only cost 20 cents a box, with the absolute guarantee of satisfaction or money back. Six boxes for \$2.50, or a free sample.

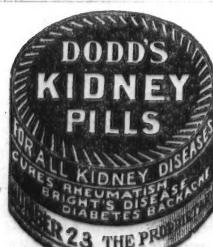

NATIONAL DRUG & CHEMICAL CO., OF CANADA, LIMITED

Toronto • Oct. 14

The Lives it is Costing

For the past two months the British forces, fighting on a front of less than sixty miles, have lost on an average 2,200 men a day. The total daily losses of Germans on a thousand miles of front, along which actions are continuous? They can be nothing clearer than that the losses admitted by Germany, which amounts to two and a half million men, are about 70 per cent. of the actual losses. No wonder the German people are "paying for peace" an one of their fire-eating journalists, Max Haiden, now admits.—Toronto Mail and Empire.

The Farmer

He is the Man Who Has the Final Say in the Feeding of the Nation

I do not want to deal with this subject more than in a passing way, but I would like to add our general opinion that after all, whatever may be done for agriculture, there must still be much of loneliness and isolation and tragedy for the man who till the soil in a country like this of Canada. No greater service could be done, of course, can be reached without knowledge of the basic facts which underlie what one might call the scientific side of agriculture. The man who is happy and successful can take a keen delight in it, or make a success of it, must be able to link his efforts with the great forces of nature that contribute to the success that he desires could not be achieved.

The farmer, after all, stands for the necessities. In the great household of nature, the farmer stands at the door of the bread room, and weighs to each man his lot. He has the final say in this thing.—Hon. Martin Burrill, before the Ottawa Canadian Club.

Revive the Jaded Condition—When energy flags and the cares of business become tiresome; when the whole system is full of sorts and that is general depression, take Dr. Williams' Vegetable Pills. They will regulate the action of a deranged stomach and a disordered liver, and make you feel like a new man. No one need suffer days from debilitated digestion when so simple and effective a pill can be got at any drug store.

E-pained
"What little boy?" the Sunday school teacher persuasively remarked, "can tell me the difference between the 'quick' and the 'dead'?" "I can, Miss Mary," exclaimed a small boy named Tommy, excitedly wriggling his body.

"All right, Tommy," responded the teacher. "You may tell the class." "In one 'quick,'" was the triumphant rejoinder of Tommy, "is them what hops out of the way of automobiles that don't is 'dead'."

Millard's Liniment Co., Limited
Gentlemen,—In July, 1915, I was thrown from a road machine, injuring my hip and back badly and was placed in a hospital for 11 months. In Sept., 1906, Mr. Wm. O'Gorman, Lachute urged me to try MINARD'S LINIMENT, which I did with the most satisfactory results and today I am as well as ever. The demand for it shows that it is the only popular oil.

Yours sincerely,

MATTHEW N. RAINES,
mark.

Target Practice on Mt. Cavalry

War respects places as little as persons is proved anew by the apparently trustworthy report from the Hotel Cavalry target practice on Mt. Cavalry in 1908. Years ago not a few persons represented the railway from Jaffa to Jerusalem as a commercial intrusion on grounds of sacred association; but that is to be said when the walls of the Church of the Holy Sepulchre tremble with the concussion of high explosives?

When the Kaiser made his famous pilgrimage in 1898, and left a statue of himself in the hands of a Crusader on the Mount of Olives, it was not expected that after a few years in the "reversed crusade" the alliance of Glaour and Moslem would find a license for gun play amid the treasured relics of the life of Christ on earth.

Fixing Food Prices in Russian Capital
The minister of the interior has directed strict measures to combat the abnormal prices of foodstuffs in Petrograd. They will be carried into effect shortly.

The main object is to insure the conveyance of foodstuffs to the capital in a reasonable time, as to obviate the necessity of competing purchasers to await their turn to buy small quantities.

First War Fan—Well, what are the Russian duties?

Second War Fan—Well, they put the Czar in the box and shifted the Grand Duke to the right field.

Mount Robson
We are asked to say after whom Mount Robson is named. No positive answer can be made to this, except that it was not named after the late John Robson, at one time premier of this province. It bore the name long before John Robson ever heard of it. The best information available, says Fleet Robertson tells us, as the result of his investigation, is to the effect that it was named after an employee of the old Northwest Company. We shall be very glad to hear from any readers who can give any light upon the question.—Victoria Colonist.

Minard's Liniment Cures Garget in Cows.

Among the passengers on a train on a one-track road in the middle west was a talkative jewellery drummer. Presently the train stopped to take on water and the conductor neglected to send back the drummer, who, still on board, bumped the rear end of the first train. The drummer was lifted from his seat and pitched head first into the water, and when he came up was jammed clear down over his ears. He picked himself up and shifted back in his seat. No bones had been broken. He drew a long breath, straightened up, and said: "Well, they didn't get by us, anyway."

THE SECRET OF A GOOD COMPLEXION

Did it ever occur to you that there is a reason for your sallow complexion, pimplies, blackheads and other skin blemishes? Your skin, when healthy, has to exert 17 per cent. of the waste to keep it in order. When it becomes clogged, this poisonous waste is imprisoned and skin troubles follow. To rid yourself of these blemishes the skin must be cured of its sluggishness. This is just what Zau-Buk does. Zau-Buk is composed of stimulating and healing herbal essences, which penetrate the skin and enable it to expel the accumulated poisonous waste matter. A clear, healthy complexion is your reward.

The folly of endeavoring to cover up skin disfigurements with powders and other cosmetics is quite apparent. Use Zau-Buk and you will be rid of the trouble and enjoy a good complexion without resorting to artificial means. Apply Zau-Buk at night when retiring, and wash with Zau-Buk soap.

Britain Will Brand the Fit and Unfit

A unique and picturesque scene for labelling by means of khaki brassards bearing the royal crown those who are fit and those who are not fit for the British military service. The "Zam-Buk" will regulate the action of a deranged stomach and a disordered liver, and make you feel like a new man. No one need suffer days from debilitated digestion when so simple and effective a pill can be got at any drug store.

E-pained
"What little boy?" the Sunday school teacher persuasively remarked, "can tell me the difference between the 'quick' and the 'dead'?" "I can, Miss Mary," exclaimed a small boy named Tommy, excitedly wriggling his body.

"All right, Tommy," responded the teacher. "You may tell the class."

"In one 'quick,'" was the triumphant rejoinder of Tommy, "is them what hops out of the way of automobiles that don't is 'dead'."

On Sale Everywhere

There may be country merchants who do not know Dr. Thomas' Electric Oil, though they are few and far between. They are few and far between, but the oil is just as good. The oil is good for rheumatism, sciatica, neuralgia, and other nervous diseases.

First, the men who enlist and are placed in groups waiting the call to go to the front, say to themselves who offer themselves for enlistment, are found physically unfit; third, to those who are invalided out of the service as unlikely for medical reasons to become efficient again.

The remedies of each class will have a definite mark.

BUSY BIDEFORD

A pleasant evening was spent at the home of Mr. and Mrs. P. Robinson in honor of the return of their son, Dr. J. D. Robinson and his family, from Montreal where the Doctor had been practising his profession. A splendid musical program was made up by the Robinson family, with, of course, the assistance of Mr. Watling, who rendered some of his old-time favorites with the usual success. Dr. Robinson gave a few Clarinet selections, and his wife gave some very ably executed readings. With the musical talent now in our midst there should be no trouble to have a few more such evenings.

The building for the Hardware Store is about completed and will be opened for business shortly, by Mr. John McLeod, and all your hardware wants supplied, with the usual McLeod business manner.

Messrs Thompson and Morley of this district, have shipped in two cars of extra good work horses. Call and look them over.

Mrs. Staley, and family, wife of the genial representative of the Galvin Yards, arrived here, last week, from Horizon, Sask., and Mrs. Thomas and family arrived from Vancouver, B. C. : Welcome two times.

One of the long felt wants of the town, country and community at large, is about to be supplied. We learn on good authority that Messrs McIntyre and Rummes have purchased two lots at Bude and Centre Sts and will erect a small hotel, with grill room attached. With these men in charge everything will be in first class order.

The At Home for the members of the Board of Trade, on Wednesday evening, proved a great success. The music was furnished gratis by Messrs McIntyre, Proctor and Kallman.

The experiment was enjoyed by all, that is, start the program prompt at 7:30 and close down at midnight. It was found that one can get all the amusement necessary, between these hours, and no "Morning after the night before," next day.

Yes, we have a doctor now. Dr. J. D. Robinson M. D. C. M. is a graduate of McGill University. He will practise here and has also opened a Drug Store.

CREAM
IS
MONEY

Butterfat is the most profitable thing your farm produces. It is worth from \$600 to \$700 per ton.

You would not think of skimming your cream and then putting a large part of it back into the milk to be fed to your calves and hogs.

A De Laval Separator will remove ALL the Butterfat from your milk, and give you \$10 to \$20 more profit each year for every cow you milk. It will also give fresh, warm, sweet skim milk, the kind to feed your calves and hogs.

Tell us that you would like to see and try a New De Laval and we will bring one out to your farm.

You need not buy it unless you decide, after using it for several days, that its purchase will be a profitable investment for you.

MADE IN CANADA

British Bull Dog American Mascot
The "friendly Bear" has come and gone. From the chancery and fobs there dangles no longer, as in years gone by, the little grizzly growler. A more tenacious and pugnacious animal has now been chosen as a "mascot" by our friends across the 45th parallel. In a moment, the United States' "Feudy Bear" has been replaced by the "British Bull Dog," a faithful friend, but a fearless foe. Small "bulls" in gold, silver, glass or composition are to be seen on the coat, watch chains or coat lapels, on the children of Uncle Sam and in shop windows and on the stalls of the street vendors the "British Bull Dog" grins at the passers-by and reminds them again and again that "What he'll hold."

GinDills FOR THE KIDNEYS

Perhaps Your KIDNEYS

are out of order. Make the doctor's test. Examine your urine. It should be a light straw color—if it is highly colored, or if it is dark, or if the color is strong or unusual—if "brick dust" or mucus is present, look to the kidneys. They are out of order. Get GIN PILLS in cans, and take them regularly.

Chlorinated Salicin, Lumbarago, pain in the back, gout or colic, all point to the kidney or the bladder action, and the pressing necessity for GIN PILLS.

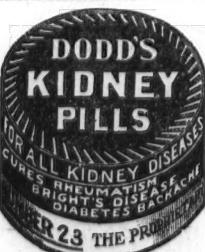

Gin Pills with their weight in gold because they drive these pains clean out of the system. They only cost 25¢ a box. Send for the guarantee of satisfaction or your money back. Six boxes for \$2.50, or a free treatment if you write to

The Lives it is Costing

For the past two months the British forces, fighting on a front of less than sixty miles, have lost on an average 2,200 men a day. What, then, are the daily losses of Germans? A thousand miles of front, along which battles are continuous? There can be nothing clearer than that the losses admitted by Germany, which amount to two and a half million men, are only about 60 per cent. of the actual losses. No wonder the German people are "praying for peace" as one of their fire-eating journalists, Max Haidon, now admits.—Toronto Mail and Empire.

Mount Robson

We are asked to say after whom Mount Robson is named. No positive name is known to us, except that it was not named after the John Robson, at one time premier of this province. It bore the name long before Mr. Robson entered public life. The best information available, in Mr. Robson's case, tells us that the result of his investigation was to the effect that it was named after an employee of the old Northwest Company. We shall be very glad to hear from any reader who can throw any light upon the question.—Victoria Colonist.

Minard's Liniment Cures Garget in Cows.

Among the passengers on a train on a one-track road in the middle west was a talkative jeweller drummer. Presently the train stopped to take on water, and the conductor neglected to send back a flag. An express train, coming along before the train was stopped, bumped the rear end of the first train. The drummer was lifted from his seat and pitched head first into the seat ahead. His silk hat was jammed between the seats. He picked himself up and settled back in his seat. No bones had been broken. He drew a long breath, straightened up, and said: "Well, they didn't get us by, us."

THE SECRET OF A GOOD COMPLEXION

Put it ever out to you that there is a reason for your sallow complexion, pimples, blackheads and other skin blemishes? Your skin, when healthy, has to excrete 17 per cent. of the waste matter of the body? If the pores become clogged, the skin becomes yellowish and skin troubles follow.

The rid of you of these blemishes the skin must be cured of its sluggishness. This is just what Zam-Buk does. Zam-Buk is composed of stimulating and healing herbal essences, which penetrate the skin and enable it to excrete the accumulated poisonous waste matter. A clear, healthy complexion is your reward.

The folly of endeavoring to cover up skin disfigurements with powders and other cosmetics is quite apparent. Use Zam-Buk; remove the root cause of the trouble, and enjoy a complexion which is clear and healthy. It will be distributed soon to the following:

First, the men who enlist and are placed in groups waiting the call to join the colors; second, to men who are invalided from the service; third, to those who are invalided out of the service as unlikely for medical reasons; to become efficient again. The armlets of each class will have a distinctive mark.

On Sale Everywhere.—There may be country merchants who do not keep Dr. Thomas' Eclectic Oil, though they are few and far between, and these may suggest that some other oil is just as good. This is not an internal medicine in certain cases. Take no other. The demand it shows that it is the only popular oil.

An old Irish countrywoman, going to Dublin by train, stepped into a train compartment, sat down, and made herself comfortable. Just before the train started the guard passed along, and, noticing the woman and the basket, said gruffly:

"Are you first class, my good woman?"

"Sure I am, and thank you," she replied with a smile. "And how do you feel yourself?"

Best Liniment of All Destroys Every Pain But Never Burns

"How wonderful we are to get hold of such a wonderful household remedy as Nerviline," writes Mrs. E. P. Lasdon from her home near Westminister, Alberta. "In the first place, it is a safe sort of way of getting rid of back pain, in the side, sciatica or stiff neck—you can laugh at them if you have lots of Nerviline handy. For earache, toothache or sprains you can think anything, and act more quickly. For a general all-round pain remedy you can think of nothing more valuable and speedy to cure than Nerviline."

The above letter is convincing—it tells of strength and trustworthiness. The only remedy is Nerviline for four years has been a household word in Canada. Scarcely a home in Canada can find without Nerviline. Every community has its living examples of Nerviline which will cure pains and aches anywhere in the joints or muscles. It's penetrating, soothing, warming and safe for young and old alike. Get the large 1/2 lb. size bottle. It's the most economical. Small size 25¢ at any dealer's, anywhere.

First War Fan—Well, what are the British doing? **Second War Fan—**Well, they put the Czar in the box and shifted the Grand Duke to right field.

MADE IN CANADA MAGIC BAKING POWDER CONTAINS NO ALUM

Makes pure, delicious, healthful biscuits, cakes and pastry. It is the only well-known strictly high class baking powder made in Canada, selling at a medium price.

Pocket Wallet for Canadians

The Canadian Legion, Comptroller association at the request of the National Service Committee, Toronto, is distributing a pocket wallet to every Canadian soldier at the front and in England at Christmas containing writing materials. This idea of a general gift was adopted on suggestion from General Alderson.

Forest Fires on H.B. Railway

Large Areas Burned Over With Great Loss of Timber and Supplies

Large areas of forest have been destroyed this year by fires which have occurred along the Hudson Bay Railway, under construction for the Dominion government between Forts Assiniboine and Port Nelson, Manitoba. It is estimated that the burned area will total not less than 500,000 acres, causing a destruction of forest values amounting to \$250,000. In addition to a heavy loss of timber and supplies and animals. In some cases, considerable quantities of supplies belonging to railway contractors were also destroyed.

The country which the railway traverses contains considerable jack pine, spruce, black spruce and birch, averaging from 4 to 30 inches at the butt, along the rivers, creeks and lakes and along the roads. The spruce, which has a fair good average stand of timber, chiefly a reproduction from previous fires, which probably occurred about forty years ago. In the muskegs, the timber is, of course, stunted, and, according to the description, an attempt to prevent fires in this section has been made by the Dominion forestry branch through the appointment of fire rangers, but their efforts have not been very effective owing to the defective condition of the fire-protective appliances on the railway engines, as well as to the carelessness or negligence of sub-contractors in the use of dynamite.

The Hudson Bay Railway is not subject to the jurisdiction of the railway commission, but is under the direct control of the department of railways and canals.

\$100 REWARD, \$100

The readers of this paper will be pleased to learn that there is at least one drugstore in this city which has been able to cure in all its stages, and that is Catarrh. His Catarrh Cure is the only specific for the cure of the medical fraternity. Catarrh is a constitutional disease, requiring a constitutional treatment. His Catarrh Cure is taken internally, acting directly upon the system, thereby destroying the foundation of the disease and giving the natural and normal functions of the body a chance to do their work. The proprietors have so much faith in their specific power that they offer One Hundred Dollars for any case that fails to cure, Send for list of testimonials.

Address F. J. CHENEY & CO. To be had in all Druggists. Take Hall's Family Pills for constipation.

The suggestion is now made that King David was the inventor of an alphabet. It is thought that the king collaborated with Seraiah, the scribe, in perfecting this greatest invention of the ages. There was much writing done in Palestine centuries before David's day but it was done in Babylonian script, which was pictorial much like the Chinese.

The cheapness of Mother Graves' Worm Exterminator puts it within reach of all, and it can be got at any druggist's.

A special preacher about to ascend the pulpit in a country church was asked if he would like any special hymn to be sung to agree with his sermon.

"No, no," he replied; "as a matter of fact, I hardly know what is going to be said in the pulpit."

"Oh, well, in that case," said the vicar, "we had better have the hymn, 'For Those at Sea.'"

In his book Dr. John Kerr relates many amusing stories of his adventures as an inspector of schools in Scotland during the past forty years.

On one occasion he was examining a class in mathematics, and put the following question: "What is the sum of 1 and a few months?" In a few months I was able to walk half a mile each day to the mill. I used in all eighteen or twenty boxes of the Pills and they did what three years of doctoring had not done. I am now 74 years old, and as well as ever I was in my life, and have had no return of the trouble. My family and friends think my cure was a miracle, and we give the credit to Dr. Williams' Nervine Pills.

You can get these pills through any medicine dealer or by mail, post paid, at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

W. H. Poynter attended the
Stock Show, in Calgary, last
week.

Fraser Duncan, who has en-
listed for overseas service, is
home for a few days.

Altho navigation for Fords
has been open for some time,
there are still a few bad spots.

Several of our local pilots got
stalled in the mud on Sunday,
and some of crews were seen
hoofing it back to town.

E. E. McRorie returned from
Calgary on Saturday.

Altho seeding is going on in
several localities it is not gen-
eral throughout the district.

Where the land is heavy it is
practically impossible to work
it, yet, and the recent snow
flurries have not improved con-
ditions any.

Mr. Alex. Foster has moved
his family into town, and he is
building a residence on Council
St.

It would seem that the streets
in town were not made wide
enough. Something must be
radically wrong when two buzz
wagons can not pass each other
on a 66 ft roadway. Two Fords
heavily laden, in charge of Ted
Stewart and Dare-Devil Smith
came together, head on. Out-
side of throwing a scare into
the occupants, no damage re-
sulted from this loving embrace
of the Ford children.

There will be a Moving Pic-
ture Show in the Orange Hall
on Tuesday evening, April 24th.

Several war films will be in-
cluded. Adults 25c. Children 10

There was a fair attendance
at the Literary Society on Tues-
day evening. Those who con-
tributed to the program were:
Messrs Hamer, Wickenden and
Ulph. The Monitor Quartet
also rendered several selections.

E. T. Stewart has moved out
to the farm, and will now fol-
low the peaceful pursuits of the
agriculturist.

The Ladies Aid met on Wed-
nesday at the home of Mrs. L.
R. Beebe.

N. T. McIntosh, formerly of
Stettler, has taken over the
local barber shop and is carrying
on the business at the old

Agent for Government Telephones
Full line of Chinaware and Crockery

FI-RE-CO RANGES - BARB WIRE

When in Calgary, on Monday, we were
able to get another carload of Ford Cars
and we are very glad to announce that these
can now be sold under the Guarantee Securi-
ties Corporation on Deferred Payments. Part
cash, the balance arranged to suit.

If you have been thinking of a car
now is the time to buy as an advance
in price is most probable. Other
cars have advanced, and even with
the large 'FORD' buying and manu-
facturing facilities, the costs are
increasing.

MONITOR GARAGE

L. E. Landels has moved to
the O'Conor Ranch.

The new mail service is a
great help to the town, but it
sure makes a lot of extra work
for the Postmaster, and he is
kept busy night and day.

Out of the inky storm clouds he
comes, the arch-enemy of all good
farmers. There is nothing you
can do to stop him from reaping
your destructive harvest. Though
you cannot prevent such damage
you can protect yourself against
money loss by a

Hail Insurance Policy

of the Hartford Fire Insurance Co.
At a very moderate cost you can
have your crops guaranteed by an
insurance company that for 105
years has been perfectly, fully and
promptly paid every just claim.
